LUCKY DAYS & DAYS TO AVOID

In this numerology system, each number is linked with a planet and a weekday. You may use supportive days as a planning preference for meetings, interviews, travel, or a new start. They do not guarantee success, so preparation and practical timing still matter most.

Your Ruling Day: **Friday** (Number 6, Venus)

Lucky Days (go for it): **Sunday, Monday, Wednesday, Friday**

Days to Go Easy On: **Thursday**

How These Are Worked Out

Your own number is **6 (Venus)**. Its weekday is treated as your main supportive day. Weekdays linked with friendly numbers **1, 5, 6, 7** are also included above. Days linked with challenging numbers **3** are reminders to slow down, double-check details, and avoid rushed decisions.

Number → Planet → Weekday

Number	Planet	Weekday
1 (friend)	Sun	Sunday
2	Moon	Monday
9	Mars	Tuesday
5 (friend)	Mercury	Wednesday
3 (avoid)	Jupiter	Thursday
6 (YOU)	**Venus**	**Friday**
8	Saturn	Saturday
4	Rahu	Sunday & Monday
7 (friend)	Ketu	Sunday & Monday

Note: In this traditional system, Numbers 4 (Rahu) and 7 (Ketu) are shadow planets without their own weekday, so they use Sunday and Monday as support days.
