How This Report Works

Every stone below is checked by the central remedy engine against your Pilot 6 and Attendant 4 pattern — the same chart-safety filter used across all Destiny Grid reports. A stone is only shown as directly usable when strengthening its number does not conflict with your core chart. Where a conflict exists, the primary stone moves to the avoid list and only lighter substitutes or indirect support are suggested.

Direct Support Allowed

Number 7 — Ketu · intuition, research, spiritual depth, analysis, and inner guidance

Primary Stone

Cat's Eye (Lehsunia)

Lighter Substitute

Tiger Eye

- For missing 7 watch support, use a silver-and-gold metal strap combination.
- Gayatri Mantra can be used as gentle health and clarity support where compatible with the chart and user tradition.
- Gayatri Yantra can be considered as time-specific support only when a chart review recommends it for the current purpose and period.
- Use fact-based decision-making, verify promises, and avoid blind trust. This is a practical Ketu/7 support habit.

Indirect Support Only

Number 3 — Jupiter · knowledge, creativity, teaching, guidance, and expansion

Reference only — do not wear this primary stone

This number is marked indirect-only for your chart. The primary stone and substitute names below identify the traditional association; they are not a recommendation to wear them. Follow the chart-filter reason and the allowed indirect guidance.

Primary Stone

Yellow Sapphire (Pukhraj)

Lighter Substitute

Citrine / Topaz

Pilot 6 conflicts with Number 3 as a strict avoid pair.

- A wood-crystal bracelet can be used as indirect support in selected cases where a lighter stabilizing remedy is preferred.
- Follow a weekly study plan and convert learning into written action.
- Work with a mentor or teacher and maintain respect for guidance.

Stones to Avoid for Your Chart

Yellow Sapphire (Pukhraj) (Number 3, Jupiter)
Pilot 6 conflicts with Number 3 as a strict avoid pair.

Blue Sapphire (Neelam) (Number 8, Saturn)
Attendant 4 conflicts with Number 8 for direct remedies.

Bracelet / Watch Support
